As a full-stack web developer with a strong background in business administration, I possess exceptional leadership skills and effective communication abilities that allow me to handle extensive data and collaborate seamlessly with cross-functional teams. Expertise in both front-end and back-end development has given me a deep understanding of agile methodologies, data structures, algorithms, GIT, and CSS frameworks like Sass.

My experience in full-stack development includes proficiency in Node.js, JavaScript, TypeScript, React, Redux, Sequelize, Express, and PostgreSQL.

PROJECTS

Full Stack Web Developer - Henry Cinema

feb. 2023

Academic Experience.

Henry Bootcamp, Buenos Aires, Argentina.

In collaboration with six fellow developers, I had the opportunity to design and develop a cinema website that offers users a complete cinephile experience. During this project, I learned the importance of effective teamwork and communication. We aimed to deliver a user-friendly interface that allows users to easily view information, select seats, comment, and purchase food items. A shopping bag was integrated on the payment gateway to simplify the process, and also included features such as data persistence, an administrative dashboard exclusively visible to administrative users, Google authentication, and a user profile section to ensure a personalized experience.

Front: React, Javascript, HTML, CSS, Sass, Redux.

Back: Express, Node Js, Mercado Pago.

Database: PostgreSQL y Sequelize.

Full Stack Web Developer - Food Henry

jan. 2023

Academic Experience.

Henry Bootcamp, Buenos Aires, Argentina.

I designed and developed a food app that features extensive functionalities to enhance user experience. The app includes API requests, searches, combined filtering, sorting, the ability to create new recipes, save them in the database, and display them on the screen, along with a form that includes validators.

Front: React, Javascript, HTML, CSS, and Redux.

Back: Express, Node Js. Additionally.

Database: PostgreSQL, Sequelize.

PROFESSIONAL EXPERIENCE

Administration Assistant

apr. 2021

Suits Admin Management, Sydney, Australia.

- Provided key administrative support to an Australian firm specializing in providing administrative services to various companies, including but not limited to security.
- Ensured the smooth running of administrative functions by demonstrating exceptional accounting skills, attention to detail, and computer competencies.
- Responsible for invoicing, POS and cash handling, updating employee files, freight tracking and general correspondence. Maintained accurate records of inventory.

Budget Assistant

apr. 2018

Helador S.A, Córdoba, Argentina.

- Acknowledged by Senior Management for providing valuable support to Helacor's financial team. Offered a 12-month extension of internship in August 2018 and, upon completion, tenure was subsequently extended a further 3 months.
- As Budgeting Assistant, took ownership in setting up and implementing new budget management procedures.
- Liaised with cross-functional team leaders to identify and address budget discrepancies across the business.
- Prepared and presented expense reports to Senior Accountants.
- Gained essential on-the-job training and multitasking experience, including database entry and expense analysis.
